Received By Ministry/Department	**Financial Services (Banking Division)**

Grievance Description

Financial Services (Banking Division) >> Credit/Debit/ATM Cards Related >> Others

Bank : Axis Bank Ltd
Branch / Name of Bank and Branch : Credit Card Division, Corporate Office, Mumbai
Account Number : 370987012207619

Subject: Axis Bank Violation of RBI Circular Sec 7 & Refusal to Assist Fraud Victim
Grievance Details:
I am a victim of cybercrime resulting in an unauthorized debit of INR 1,05,766 on my Axis Credit Card (Fraud Card: XX 7619, Current: XX 6559).
I officially reported this fraud to Axis Bank within exactly 35 minutes on 21st Jan 2026. Despite this immediate alert, Axis Bank completely failed to halt the settlement. This violates Section 7 of the RBI Master Circular on Customer Protection, which clearly states customer liability is limited until reporting, after which it is the bank's liability.
An official Cybercrime FIR is active (Ack No: 31901260016169). The RBI Ombudsman closed my complaint based solely on OTP generation, entirely ignoring Axis Bank's post-reporting settlement failure. Furthermore, Axis Bank is ignoring my emails requesting hardship assistance, allowing massive penal charges to compound.
Relief Sought from Ministry of Finance:
I am a genuine customer seeking rational justice. I request the Ministry to execute the following:
Primary Relief: Direct Axis Bank to absorb the 1,05,766 INR liability as mandated by their failure to adhere to Section 7 post-reporting.
Alternate Relief: If the Ministry formally determines my interpretation of the RBI Circular is incorrect, and the bank holds zero liability despite failing to freeze the funds post-reporting, I request a directive for Axis Bank to immediately reverse all late fees and penal interest, and provide a 10-12 month zero-interest repayment plan for the principal to prevent further financial hardship.
CIBIL Protection: Halt negative credit reporting during this review.

Current Status	**Case closed**
Date of Action	**07/05/2026**
Remarks	

Following a thorough investigation into your complaint, it has been determined that the above disputed e-commerce transaction conducted via your credit card account was processed through a secure channel. This transaction was authenticated using a One-Time Password (OTP), which is sent exclusively to your registered mobile number ending with 2051. Furthermore, transaction required credit card credentials—including the card number, expiry date, and CVV—which are confidential and known only to the cardholder.

Rating	1
Rating Remarks	**I am dissatisfied because the response from Axis Bank only addresses the initial OTP verification and completely ignores the specific issue I raised. My complaint is based on the timeline: I officially reported the fraud to the bank within exactly 35 minutes of the transaction. Despite this immediate alert, the bank still allowed the funds to settle. The reply from the bank does not explain why they failed to stop the settlement after my prompt report, nor does it address Section 7 of the RBI Master Circular regarding post-reporting liability.**

Appeal Details

Appeal Number	**DEABD/E/A/26/0006137**
Date of Receipt	**08/05/2026**
Appeal Text	**I am filing this appeal to request a review focused on a specific provision within Section 7 of the RBI Master Circular. My grievance relies on the clause which states that once a customer notifies the bank of an unauthorized transaction, any subsequent liability or loss is to be borne by the bank. Because I officially notified Axis Bank 35 minutes after the transaction, I respectfully request the Appellate Authority to direct the bank to clarify why this exact post-reporting protection is not being applied to my case, given that the funds were allowed to settle after my alert.**
Current Status	**Appeal Closed**
Date of Action	**15/05/2026**
Remarks	**Please see the response of the Bank.**
